REMEMBER ME

[Forgot Your Password?](#)

If a student forgot their password, they need to reset it using the email address in the system and the forgot password process.

This also works for students that have been entered in the system by their instructor but the student states they never got a registration email from TMU.

If you need to check what email is in the system or change it, the instructor can pull up the student and, on the left, it is under log in info.

Enter and Completing Students-FAQ

The instructor application has an RN attestation, but I am an LPN?

- LPNs can supplement an RN primary instructor as a secondary instructor. LPNs cannot teach the course on their own. The RN must be the one inputting and completing students in the system.

Do I enter all my students or just those eligible to test?

- Enter your full class roster near the beginning of the course. This system allows for incomplete status (those not eligible to test) and reasoning. This will

provide for better reporting.

I have some students that did not receive the registration email. How do I get that resent? / I mistyped their email, how do they get the registration email?

- The system won't resend the registration email if a student's email is changed/corrected. Any student that does not get the TMU registration email can login using their email on file and do a forgot password. That will get them to the same place to complete registration.

- If need to check what email is in the system or change it, the instructor can pull up the student and, on the left, it is under log in info.

I mistyped my student's name, how do I correct it?

- The system won't let you correct a name once submitted. Please email Nurseaidetesting@kctcs.edu and we can correct it.

Can we reactivate a former/failed student?

- Yes, you can add new training to a student.

If a student receives an INCOMPLETE grade (I)...and we anticipate their completion the following semester (next few weeks)....Do we still need to change their status?

- No, they can remain on your list as attending and you would just put in the completion date when finished.
- Incomplete would be if the student is not going to complete your training and wants to start a new one or pick a new profession.

INSTRUCTOR- Accommodations

Some approved accommodations for the Nurse Aide Testing include but are not limited to: an Oral/Audio examination for the written exam, a non- electronic translating dictionary, extended time, etc.

The Instructor may note the student for an audio test by checking the audio box under the students Identification Tab.

INSTRUCTOR- Accommodations

Other accommodation requests may be submitted to the **Test Site KNAT Coordinator**. If approved, the **Test Site KNAT Coordinator** can mark additional selections in the TMU system under OTHER OPTIONS and upload the documentation to the student's file.

Scheduling Exams and Reporting-FAQ

Who can schedule an exam?

- The students/instructor have access to schedule the exams.

I used to have my students test as a big group?

- There are still options for coordinators to hold a block for groups. Please reach out to the testing site.

I am not seeing dates for the testing site we typically use?

- Please reach out to that testing site coordinator:

[Nurse Aide Coordinators | KCTCS](#)

I had a student test and now I don't see them in the system?

- After a student has completed testing, they are not in your active list of students. They can be found in your reports under the facility login.

NOTIFICATION: Performance test will INCREASE to \$95 as of 7.1.24

FACILITY Payments- Purchase Order

Credit Card is the preferred method of payment, but facilities may request PO/Invoicing from the test site. (Approval is at the test sites discretion)

If the Facility/School is paying via PO/Invoice directly to the college test site, **the Test Site needs to mark them allowed for PO in the TMU system and the facility (not instructor) needs to mark their students as PO students in the TMU system.**

The college test site invoice process stays the same, but this allows the school/facility to let our testing system know they are doing a PO.

Then the college test site will still send the invoice for payment as per their process.

This allows:

- Better tracking of payment type.
- The Facility/School gets the correct total because the system will account for audio selection.
- The Instructor can schedule in the system once the Facility/School has marked their students as PO payment type.
- No one can accidentally double pay by paying the college directly and pay by CC in system.

FACILITY Payments- FAQ

I have a student needing to reschedule.

- Students can reschedule in the system up to 3 days before exam. Once inside the window, the system will remove this option. If a student does not attend their scheduled event, they will be marked as a no show, and the system will allow rescheduling/repayment 24-48 hours after the scheduled event has concluded. **Test fees are non-refundable.**

What Payments are accepted?

- Visa, Discover, and Mastercard. We are unable to accept AMEX. Setting up the purchase order selection in the system may be an option in

some circumstances, that is up to the specific testing site.

I'm confused about how students pay?

Students now can self-schedule and pay online by card. Facilities can continue to pay for their students as well. You must be logged in under the facility role to see prepay option.

I am logged into the TMU site but do not have a prepay option.

- You are probably logged in as an instructor and not facility. Only the facility role has payment access (outside of the individual student). When logged in correctly, you will see a facility name i.e., "Welcome Smith Nursing and Rehab".

I need a copy of our receipt.

- Receipts are emailed to the email associated with your facility in the TMU system. You may also view your billing history located at the top when logged in as a facility. If you did not receive a receipt, check your spam and make sure this email is whitelisted with your IT department: noreply@mail.authorize.net

STUDENT- Account Creation

Once the Instructor has added the student to TMU, the student should get the following email:

Subject: Account Created
From: <no-reply@tmutest.com>

If not found, students can still log in using the email address the instructor put in TMU and do the forgot password process.

Registration:

Once logged in, the student will be asked to complete registration information and a few background questions. The student can log in any time prior to testing to complete registration.

When the instructor has marked the student as completing the course, the student or the instructor can schedule the exam by logging back into the TMU system.

The system locks a student out of being aloud to reschedule 3 days prior to exam.

If you did not attend an exam you were scheduled for, the option to repay/reschedule will reappear as an option after the test results of the missed exam event are finalized ~3 days after missed event. Same process as above. **Test Fees are Non-Refundable** (we cannot reschedule within the 3-day window as test proctor schedules are set)

STUDENT-FAQ

I did not receive the registration email. How do I get that resent?

- The system won't resend the registration email if a student's email is changed/corrected. Any student that does not get the TMU registration email can login using their email on file and do a forgot password. That will get them to the same place to complete registration.

I passed but the site says hold/invalid?

- Hold/Invalid is a normal system setting after a student has tested and is archived in our system. The test results are further down the page.

I need to reschedule.

- Students can reschedule in the system up to 3 days before exam. Once inside the window, the system will remove this option. If a student does not attend their scheduled event, they will be marked as a no show, and the system will allow rescheduling/repayment 24-48 hours after the scheduled event has concluded. **Test fees are non-refundable.**

What Payments are accepted?

- Visa, Discover, and Mastercard. We are unable to accept AMEX.

How can I see what dates are available before I pay?

- The test date icon can be seen prior to logging into the TMU site. Select it and you can view the calendar before paying. (Note: Dates shown may change once logged in due to removing those closed for specific groups.)

Sponsorship

Facilities not teaching but sending employees to KCTC for training with the facility paying for testing

SPONSORSHIP- Payment Process

KCTC

Coordinator:

Pull up the Facility in TMU and designate as a sponsor and save. (You may also select Purchase Order if invoicing is approved for that facility)

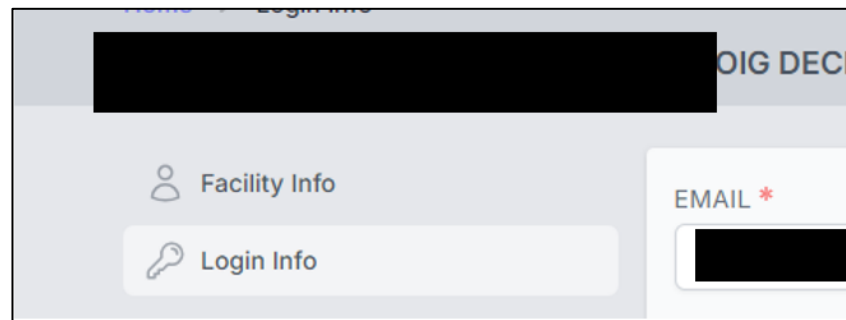

The screenshot shows a web interface with a light blue background. On the left, there is a vertical grey bar. The main content area has a white background with a thin grey border. At the top of this area, the word 'Actions' is displayed in a bold, dark grey font. Below it, the text 'Abilities this Facility can perform' is shown in a smaller, regular dark grey font. To the right of this text is a list of seven options, each preceded by a square checkbox. The 'SPONSOR' option is selected, indicated by a blue checkmark inside its checkbox. The other options are unselected, with empty white checkboxes. The options are: BRIDGE, EMPLOYER, PURCHASE ORDER, REPORTING, SPONSOR, TESTING, TRAINING, and WAIVER.
